ESTABLISHED 1870

THE TIMENT OF SHENANDON NURSERIES

D. S. LAKE, Proprietor

Semi-Annual Wholesale Trade List Spring 1913

WITH GRADE COUNT OF STOCK UNSOLD FEBRUARY FIRST

ON ACCOUNT OF SALES MADE WHILE LIST IS PRINTED QUANTITIES MAY VARY

SHENANDOAH, IOWA

GENERAL INFORMATION

The Shenandoah Nurseries were established in 1870 and are still under the same management. Our plant consists of over six hundred acres, and all up-to-date equipment necessary for the proper and rapid handling of Nursery Stock.

Location—Are located in Southwestern Iowa fifty miles south-east of Omaha, Nebr., and seventy miles north-west of St. Joseph, Mo.,

Packing Season—With the exception of Evergreens, Black Raspberries, and some heavy shade trees, we are in position to ship assorted orders all through the winter and can, as a rule, get refrigerator service although we do not guarantee this. Can generally begin digging about March 10th, although some seasons not until later.

Railroad Facilities—We have the C. B. & Q., Wabash, and Keokuk & Western Railroads and have low freight rates with direct lines to Chicago, Denver, Kansas City, Minneapolis, Omaha, St. Louis, St. Joseph and other Central points.

Express Companies-The Adams and Wells-Fargo give good service.

CONDITIONS OF SALE

Shipping—If no directions are given, we will forward to the best of our judgment but in no case will we assume responsibility after consignment to purchaser.

Payment—Cash or security before shipment of goods, except with established firms, when if unknown to us, reference will be required before goods are forwarded. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

Prices—Are limited to Spring 1913 and supersede all previous lists and are subject to change without notice.

Caution—We accept all orders upon condition that they shall be void should injury befall stock from frost, fire, hail storms or other causes over which we have no control.

Grades—We grade carefully; in some cases by caliper; in other by height. When graded by both caliper and height, the caliper must govern.

Claims—For deduction, will receive consideration only when made within six days after receipt of goods.

Packing-Prices contained herein are net; cost of boxing and baling will be added.

Certificate of Inspection-Will be furnished with each shipment.

Our Guarantee of Genuineness—While we exercise proper diligence to have our trees, etc., true to label and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said trees, etc., that prove untrue.

Wholesale Trade List, Spring 1913

APPLE---GENERAL ASSORTMENT

The following apple trees are smooth, well rooted and graded to a high standard. Varieties marked (b) are buds, and the balance are grafts. Prices are low, quality considered. Will be glad to book your order as far as we can supply at time of receiving same.

Please Note——In offering the apple specified below, it must be understood that the height given applies to a large percent of the varieties named, but some slow growing sorts may not reach an average height of that given.

Apple, 5 feet and up, 11-16 and up; \$13.00 per 100; \$120.00 per 1000.

CHERRY ON MAHALEB

We have Vincennes, Dansville and Shenandoah grown. The assortment is good, and the trees are better rooted and of a stronger grade than usual. From present indications cherry trees will gradually advance in price.

Cherry, 5 to 6 feet. 3-4 and up. \$14 per 100; \$125 per 1000. ROOT GRAFTS

We are now in the midst of our winter grafting, and were never in better position to handle orders promptly and in a careful pains-taking manner. We use good strong seedlings, grown from French crab seed, and a great many scions cut from young orchard trees.

Our grafts are wrapped with waxed thread specially prepared for this purpose, and are tied one hundred in a bunch, properly labeled and packed in a frost proof cellar to callous. Each order is grafted by itself and packed separately until shipped. They are repacked and inspected several times during the winter so they are in the best of condition at shipping time.

It is very important that orders be placed early. We can then give them closer attention and supply a larger list of varieties than later in the season. Our grafting season begins about the first of January, and continues throughout the winter.

Grafts should be planted out early in the spring in well prepared ground. In our own plantings we set them about eight inches apart in the row, making the rows three feet, six inches wide. It is very essential that the earth be well pressed around them.

As our grafts are put up in bunches of one hundred, do not order a less amount of any one variety. We will be glad to mail samples upon request.

If ordered alone, varieties marked with a (*) in list of varieties, the price will be one dollar per thousand higher than quoted in this list.

Apple and Crab Piece Root Grafts

5000 and up	 	\$3 50 per 1000
1000 to 5000		4 00 per 1000

The above Prices are for a general assortment of leading varieties.

Piece root grafts are made by using about six inches of scion and three and one half inches of root. They are tongued together and securely wrapped at the union making the entire graft about eight and one-half inches long. This style of graft we use mostly in our own plantings.

Apple and Crab Whole Root Grafts on Branched Seedlings

5000 and up	\$7 00 pc	er 1000
1000 to 5000	8 00 pc	er 1000

This style of graft is made by using about six inches of scion and a well branched seedling. The entire seedling is used, making the union at the collar and wrapping with waxed thread which holds it firmly until calloused. Many prefer to plant this kind of graft claiming that they get a larger growth owing to the well formed root system.

Apple and Crab Whole Root Grafts on Straight Seedings

5000 and up\$	7 00 per 1000
1000 to 5000	8 00 per 1000

This class of grafts is made in the same manner as those on branched roots, using the same length scion but a straight seedling instead of a branched.

Pear	Grafts,	Piece Root	\$10 00	per 1000
66 -	4.6	Whole Root	12 00	per 1000

Write for Special Prices on Large Lots. For List of varieties, See Opposite page. All Grafts Boxed Free.

FRUIT TREE STOCKS FRENCH GROWN

It was a favorable season in France last year for the growth of Fruit Tree Seedlings. We were personally over our blocks late in the Summer, and found that our seedlings were in a vigorous and healthy condition.

We have our own representative there, who has the seedlings grown on contract by small farmers. He looks after the grading and packing of all stocks, and they are then shipp ed in carload lots to us at Shenandoah. Here we open up all boxes and carefully inspect the condition and grading before sending them out to our customers. I believe those that have used our French Seedlings will say that our grades are usually better than the average. It is well to place orders for your wants at once, as some items are scarce.

EVERGREENS---TRANSPLANTED.

All Evergreens are handled in the most careful manner, but we recommend digging with a ball of earth and burlapping. Our price for this work is 10c each for 2 to 3 feet, and 5c each for grades under 2 feet.

NURSERYMEN'S SUPPLIES

Box Straps—Made out of thin sheet steel and cut into strips which average
about twelve inches long and one inch wide. It is very strong, tough and pliable
and holds the heaviest box. A nail can be driven through it readily without pre-
vious punching.
Per lb
Burlap—7 ounce to the yard, 40 inches wide, per yard
Carpet Warp—For tying buds, comes in skeins of 5 lb. packages, per lb. 25
Collating Books—To collate Orders. Ruled with printed headlines showing
principal varieties, per book 05
Per book, postpaid 07 Delivery Cash Books—Have ruled spaces for name of customer, amount of
Delivery Cash Books—Have ruled spaces for name of customer, amount of
order, amount collected, etc. Holds 133 accounts, per book
Per book, postpaid
Dibbles or Planting Steels—Used for setting out grafts, etc. each 1 00
Grafting Thread—Unwaxed, per ball 10
Post Paid—per ball
Waxed—per ball 12½ If by Parcel Post add for postage on a weight of 6 oz. per ball. One ball of
If by Parcel Post and for postage on a weight of 6 oz. per ball. One ball of
waxed thread will wind about 4,000 grafts.
Knives, Budding-Wostenholm's I. X. L. Ivory tip. Best on market, each
Post Paid 78 Knives, Grafting—The best all around reasonable priced grafting knives
that we know of. Have used them in our grafting room, and have sold them to
the trade for years, and they give excellent satisfaction. American make, square
point each 40 Each, postpaid 43
Wostenholm's I. X. L., a better knife, square point, each 50
Each, postpaid Knives, Pruning Wostenholm's I. X. L. Large Size. None better each 75
If by parcel post add for postage on a weight of 7 oz. per knife.
Knives, Pruning-Wostenholm's I. X. L., smaller than one quoted above.
Fine for light pruning, each 50
Each, postpaid 54
